ABSTRACT:

LET'S IMAGINE SPACE SCIENCE AS THE FOLLOWING PIPELINE:

SPACE PHENOMENA → DATA → INFORMATION → KNOWLEDGE.

IS IT POSSIBLE TO AUTOMATE ALL THESE STEPS? IF YES, WHO SHOULD DO IT, PHYSICISTS, ENGINEERS, INFORMATICIANS, DATA SCIENTISTS, MATHEMATICIANS, OR SPACE SCIENTISTS?

ACTUALLY, ALL OF THEM. IT DOESN'T MATTER WHAT IS YOUR BACKGROUND, IF YOU ARE INTERESTED IN SPACE AND AUTOMATION TECHNIQUES THAT UTILIZE MACHINE LEARNING, THE WORKSHOP IS EXACTLY FOR YOU.
